INTRODUCTION

Stars are Everywhere

At Starfreak, we care about style and quality. We spare no expense with detailing and fine-tuning samples, all the way to the neatly finished interior of each garment. Starfreak was born in 2016, introducing a youthful mini-me. Girls Fashion that is both stylish and comfortable, yet cosmopolitan.

Starfreak collections are designed in-house in Haarlem, at the 'Grote Markt' – a design studio and showroom in the former Brinkmanpassage, in the heart of the city. The collections are best described as 'stylish french', incorporating stand-out prints and patterns in each season. The brand is known for its love of classic styles and prints with a design twist and small added detailing.

Every collection consist of items in the Colors Blue, Pink, Grey Melee and Gold. Because of this, every item in the collection can be combined with items from former collections.

Starfreak presents it's new fashion collection two times a year at the SundaySchool in Utrecht. We travel a lot throughout the whole country so Starfreak is available in the best fashion boutiques of The Netherlands and Belgium.

Our garments are made in Portugal using high-end fabrics.

Starfreak has over 40 points of sales.
